Summary

PharmD and pharmacovigilance professional with 6+ years of experience in global drug safety operations, ICSR assessment, clinical safety review, triage, reconciliation, and safety data quality. Experienced in reviewing patient history, products, adverse events, laboratory information, seriousness, causality, listedness, expectedness, narratives, and follow-up needs across spontaneous, literature, clinical trial, SUSAR, regulatory authority, product complaint, and medical device reports. Skilled in Oracle Argus Safety, LSMV, ArisG, Veeva Vault, MedDRA, WHO Drug Dictionary, and E2B R2/R3.

Skills

- **Pharmacovigilance:** ICSR Processing, Case Intake, Triage, MedDRA and WHO Drug Coding, Seriousness and Causality assessment, Narrative Writing, Labeling, Literature Review, SUSAR, Clinical Trials, E2B R2 and R3, MICC, SRLs, SAP
- **Safety Systems & Clinical Platforms:** Oracle Argus Safety (Configuration, Console), LSMV, ArisG, Veeva Vault, Medidata Rave EDC, Epic, Cerner, OfficeMate, Barti
- **Regulatory, Quality & Compliance:** FDA, EMA, PMDA, TGA, ICH, GCP, GVP, Regulatory Reporting, Audit Support, Inspection Support, Good Documentation Practices, Data Validation, Quality Review
- **Data, Reporting & Technical:** Excel, PowerPoint, Word, Outlook, SQL, PL/SQL, Power BI, SAS, Power Query, VBA, Data Analysis, Trend Analysis, Python, Machine Learning, NLP, MS Access, SPSS
- **Operations, Projects & Professional:** Project Coordination, Process Improvement, SOP Development, UAT, Test Scripts, Stakeholder Coordination, Root Cause Analysis, Vendor/Client Interaction, Cross Functional Collaboration, Leadership, Time Management, Adaptability, Attention to Detail, Analytical and Critical Thinking

Experience

Clinical Informatics Analyst | Village Eyecare – Chicago, IL | Jan-2026 – May 2026

- Led EHR data migration from OfficeMate to Barti by performing large-scale data cleansing, normalization, and validation of 100,000+ inventory records using SQL Server (SSMS) and Advanced Excel, ensuring accurate mapping of SKUs, UPCs, vendors, pricing, and optical attributes.
- Supported clinical systems integration by analyzing and configuring data workflows for diagnostic devices and implementing automated file transfer and synchronization from network directories to cloud environments.
- Collaborated with clinical, operational, and IT stakeholders to assess system capabilities, identify workflow gaps, and optimize scheduling, VOIP centralization, and insurance eligibility processes.

Senior Pharmacovigilance Associate | Ergomed | Apr-2024 – Jul-2024

- Supported ICSR intake workflows, documentation review, and case prioritization within Oracle Argus Safety.
- Worked on pharmacovigilance programs across cosmetic products (including dermal fillers), oncology, and medical devices, managing diverse safety data sources and reporting workflows across multiple product categories.
- Conducted quality checks and reconciliation activities to maintain safety data consistency and regulatory documentation standards.
- Collaborated with cross-functional teams to resolve case discrepancies and improve intake workflow efficiency.

Pharmacovigilance Services Analyst | Accenture | May-2019 – Jul-2023

- Processed approximately 25,000+ spontaneous, literature, clinical trial, product complaint, SUSAR, regulatory authority, and E2B cases in Oracle Argus Safety and LSMV.
- Assessed ICSR validity, performed duplicate searches, and reviewed patient history, products, adverse events, laboratory data, seriousness, causality, listedness, narratives, and follow-up needs.
- Coded adverse events, medical history, indications, and laboratory information using MedDRA and coded medicinal products using the WHO Drug Dictionary.
- Led triage workflows by reviewing incoming reports for completeness, urgency, clinical significance, and regulatory timelines and prioritizing fatal and life-threatening SUSARs.
- Performed duplicate correction, source-document transfer, reconciliation, narrative updates, and quality review to maintain complete and accurate safety records.
- Coordinated with vendors, business partners, safety reviewers, medical reviewers, quality, reconciliation, E2B, IT, and client teams to resolve missing or inconsistent safety information.

- Supported Argus to LSMV migration activities, workflow transition, UAT validation, queue monitoring, incident investigation, and post-migration operational stabilization activities.
- Functioned as a triage SME, trained approximately 30 users, supported quality review, and provided guidance on complex and high-priority safety cases.
- Developed an Excel VBA solution that split vendor line listings containing more than 100 patient records into individual files, reducing processing time from approximately one day to five minutes.

Drug Safety Associate | Bioclinica (Clario) | Jan-2019 – May-2019

- Processed spontaneous, clinical, and literature cases in Argus LAM and reviewed adverse event relevance, seriousness, symptom-versus-diagnosis selection, suspect product exposure, and product-event relationship.
- Reviewed labeling documents in Veeva Vault to determine listedness and expectedness and conducted follow-up through email, phone, and letters.
- Handled Medical Information Call Center (MICC) medical inquiries using approved response resources, documented and forwarded adverse events to pharmacovigilance, routed product complaints to Product Quality, and performed reconciliation with vendors and business partners under Good Documentation Practices.

Auditor | PrimEra Medical Technologies (Prime Healthcare) | Mar-2017 – Aug-2018

- Reviewed patient records in Epic and Cerner systems to assess compliance with clinical quality measures.
- Performed 100% quality review for six team members across three hospital facilities and documented errors, corrective actions, and CAPA responses.
- Developed SOPs for sepsis, stroke, and VTE workflows and supported UAT for a semi-automated Epic data-abstraction tool.

Education and Training

Governors State University | University Park, IL | Aug 2024 - May 2026

Master of Science in Health Informatics (MSHI)

Andhra University | Visakhapatnam, India | Nov 2011 - Dec 2017

Doctor of Pharmacy (PharmD)

Awards & Recognition

- Best Trainee Award – Recognized among ~60 trainees during pharmacovigilance onboarding training for strong process understanding and performance.
- Spot Award – Received within approximately one month of production work for quality and productivity performance.
- Quality Champion Award – Multiple recognitions for maintaining 100% quality and operational performance.
- Star Business Award – Recognized for operational contributions, intake workflow support, and process improvements.
- Encore Award – Recognized for contributions to pharmacovigilance operations and team support.
- Client Value Creation Award – Recognized for workflow optimization and client impact initiatives.

Honors

Upsilon Phi Delta Honor Society

Alpha Alpha Alpha (Tri-Alpha) Honor Society, Zeta Eta Chapter

Certifications
